

REMARKS

In a teleconference on March 28, the Examiner indicated that the oath/declaration could be perfected by amending the description of the error to include the reason that the claims were too broad in view of the prior art.

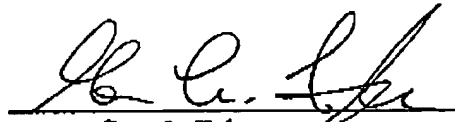

Attached hereto is a new oath/declaration wherein it is stated clearly in the box at the top of page two that the error relied upon by the Patentee/Applicant is that the Patentee claimed more than he had a right to claim in the patent and the reason that the allowed claims were too broad.
